Mr. C. Madar Sab, Gubbi Taluk.

Note.—Not taken up for discussion.

SUBJECT No. 171.

Railway Administration.

Messrs. Ramachandra Rao Scindhe and G. Siddaveerappa, Bangalore City Municipality.

Summary of discussion.—The Railway Administration is defective in many respects and so Government may take up the question of its improvement as this is one of great importance to the trade of the State and particularly of Bangalore.

The members represented that thefts were going on on a large scale in the Bangalore goods shed and that representations were being made to Government but without any result and prayed that proper steps might be taken to prevent such thefts. It was also stated that a large number of K. Ds. had settled down near the goods shed and a representation containing suggestions for overcoming this unsatisfactory state of affairs had been submitted to the Government in the Railway Department recently and the subject was being also considered by the Chamber of Commerce whose opinion would in due course also be submitted to Government.

Reply of Government.—The matter will be considered after the opinion of the Chamber of Commerce is received.
